

Student Name: _____

Period: _____

Trimester: _____

Frank Augustus Miller Middle School Community Service Log

All Miller Middle School students are required (through their History class) to complete 10 hours of community service hours per trimester. The completion of these hours will represent 10% of the student's History grade. All 10 hours must be completed in order to receive credit. These are unpaid volunteer hours that are used outside the home and in most cases outside of any family work. Service at church, sports or other city service areas are acceptable. Many opportunities to gain hours at FAMMS will be made available throughout the trimester.
